Profile Summary

B.Tech graduate in Electronics and Communication Engineering with a strong interest in Java Full Stack Development. Currently pursuing Java Full Stack training at QSpiders, Bangalore, with hands-on experience in Core Java, Object-Oriented Programming (OOP), SQL, HTML, CSS, and JavaScript. Passionate about developing scalable applications, solving programming challenges, and continuously learning modern backend technologies. Seeking an entry-level Java Full Stack Developer role to contribute technical skills while growing as a software engineer.

Technical Skills

Programming Languages	Core Java, SQL, JavaScript
Frontend	HTML5, CSS3, JavaScript
Backend	JDBC , Servlets, JSP , Spring , Spring Boot, REST APIs
Database	MySQL
Core CS Concepts	Object-Oriented Programming (OOP), Data Structures, Algorithms, Collections, Exception Handling, Multithreading
Tools	Git, GitHub, Eclipse IDE, IntelliJ IDEA, VS Code, Maven, Postman

Projects

• AI-Enhanced 3D Printer Web Platform

- Developed a web-based platform for AI-assisted 3D printing and real-time print monitoring.
- Integrated computer vision for defect detection to improve print quality and automation.
- Combined frontend, backend, AI, and hardware integration in an end-to-end solution.

• IR-Based 3D Scanner System

- Built an automated 3D scanner using Arduino, IR sensors, and stepper motors.
- Implemented motion control and real-time sensor data acquisition.
- Demonstrated embedded programming and hardware-software integration.

• Employee Management System (Java + MySQL)

- Developing a CRUD application using Core Java, JDBC, and MySQL.
- Implementing Object-Oriented Programming and database connectivity.
- Strengthening backend development through SQL integration and exception handling.

Training

Java Full Stack Development (Ongoing)

Jul 2026 – Present

QSpiders, Bangalore

- Learning Core Java, OOP, SQL, JDBC, Servlets, JSP, Spring Boot and REST APIs.
- Completed Java fundamentals including methods, recursion, number programs and pattern programs.
- Practicing Java coding, SQL queries and backend application development.

Education

2022–2026 B.Tech in Electronics and Communication Engineering

Bishop Jerome Institute of Technology, Kollam, Kerala

CGPA: 6.5

Leadership & Activities

- **FOSS Club Coordinator** – Organized technical workshops and mentored junior students.
- **Student Coordinator, IIC** – Coordinated technical events, innovation programs, and project exhibitions.
- **Career Ambassador (ECE Dept)** – Guided peers on career opportunities, internships, and skill development.
